**By completing the attached application Form**

- **CSTWF** is financed by employees and pensioners of the Civil Service, eir, An Post and other State Agencies whose generous voluntary contributions generate funds for Third World Development.
- Contributions (either 0.1% or 0.2% of basic pay = one cent or two cent in each €10 of pay - the choice is yours) are made by deduction from salary/pension.
- Founded in 1980 the fund has made over 3,000 development grants and 40 emergency aid grants to a value of approximately €9,000,000.
- Annual administration costs are kept to a minimum, currently less than 5% of the annual value of the fund.
- The fund is operated on a completely voluntary basis. Through the work of a Council, Trustees, Management and Advisory committees in the assessment and financing of projects and general office administration, generous contributions received are utilised in a most cost effective manner.
- Development not dependency is our goal - our aim has always been to make grants available for those in need in **all** developing countries.
