ROYAL MAIL DISPUTE/TURKEY SYRIA EARTHQUAKES

Colleagues,

You may be aware that the CWU National Executive Council recently decided to demonstrate the Union's solidarity with Royal Mail workers with a significant financial contribution of €100,000 to CWU UK to help alleviate the financial hardships their members are enduring.

The National Executive Council also agreed to back a request from ICTU to support our Trade Union colleagues in Turkey/Syria by making a €50,000 donation to the International Trade Union Confederations (ITUC) National Disaster Fund.

In both cases Branches were encouraged to make their own donation to these causes and I can confirm that the Dublin Postal Delivery Branch Committee has agreed to make substantial donations with a **€10,000** contribution to our CWU UK colleagues and a **€5000** donation to the Earthquake Disaster Fund.

The Branch is always willing to support worthy causes and I believe members should be made aware of these significant donations.

Frank Donohoe,
Hon. Branch Secretary
Dublin Postal Delivery Branch
